December 11, 2024

Town of Carrollton  
206 W. Washington Street  
Carrollton, MO 64633

**Subject: Sunshine Request - Reports for ALL calls for service relating to smoke complaints due to open and/or recreational fires**

Dear Dana,

Having reviewed the officer's body-worn camera footage, I discovered that I was not the only individual who made a call for service that night under similar circumstances. It also appears that another call may have originated on Benton Street or in its vicinity.

I am formally requesting that the Town of Carrollton provide me with a **printout of the computer-generated reports** for all calls for service made to either the Carrollton Fire Department or the Carrollton Police Department—or both agencies in cases like mine—where the call for service pertained to the following:

- Smoke disturbances caused by a recreational fire,
- an open fire, or
- any other unspecified, intentionally ignited fire

This request encompasses all such calls for service beginning January 1, 2022 and ending December 11, 2024 and includes all calls for service, not just the ones I initiated. The previously furnished reports needn't be furnished again.

Please respond to this request in accordance with Missouri's Sunshine Law and provide the requested documents promptly. If any clarifications are needed regarding the scope of my request, I am available to provide them.

Thank you for your attention to this matter.

Sincerely,

Christopher Larsen
