Re: Revised Sunshine Law request via email, November 27, 2024

Dear Mr. Larsen:

I received your "Revised Sunshine Law Request regarding firefighter compliance with State minimum requirements" via email in response to my previous Sunshine Law Request response to you.

You have requested "access to all public records that are available for public viewing, which detail whether each fire personnel on staff has met the minimum qualifications for firefighters."

Section 610.023 RSMo requires "Each public governmental body shall make available for inspection and copying by the public of that body's **public records**."

It also states: "3. **Each request for access to a public record** shall be acted upon as soon as possible."

Section 610.010 Defines **Public Record** as:

(6) "**Public record**", any record, whether written or electronically stored, retained by or of any public governmental body including any report, survey, memorandum, or other document or study prepared for the public governmental body by a consultant or other professional service paid for in whole or in part by public funds, including records created or maintained by private contractors under an agreement with a public governmental body or on behalf of a public governmental body; provided, however, that personally identifiable student records maintained by public educational institutions shall be open for inspection by the parents, guardian or other custodian of students under the age of eighteen

years and by the parents, guardian or other custodian and the student if the student is over the age of eighteen years. The term "public record" shall not include any internal memorandum or letter received or prepared by or on behalf of a member of a public governmental body consisting of advice, opinions and recommendations in connection with the deliberative decision-making process of said body, unless such records are retained by the public governmental body or presented at a public meeting. Any document or study prepared for a public governmental body by a consultant or other professional service as described in this subdivision shall be retained by the public governmental body in the same manner as any other public record;

Attached are copies of the fulltime firefighters' certificates, all of which have Firefighter I and Firefighter II. Those are Chief Lonnie Sensenich, Captain Brandon Blount, Engineer Levi McWilliams and Engineer Will Keck. It is not a requirement for volunteer firefighters to have certification for Firefighter I and Firefighter II.

Sincerely,

A handwritten signature in cursive script that reads "Dana L. Reimer". The signature is written in black ink and is positioned above the typed name and title.

Dana L. Reimer  
City Clerk
